

# GASTRO BAR CAN CERA

## Elegant tapas and Mediterranean Majorcan cuisine in a beautiful historical courtyard

The restaurant is set within the courtyard of boutique hotel, Can Cera in the old town of Palma, a beautiful hotel that has received numerous international awards and is ranked as one of the best luxury hotels in Spain.

Can Cera Gastro Bar is situated in a beautiful architectural example of a former Majorcan 17th century palace, although the history of the building extends back to the 13th century.

It serves generous servings of creative tapas - some are starter size, others more akin to mains. The cuisine is up-market Mediterranean-Majorcan, and is beautifully presented.

The head chef at Can Cera, is creating contemporary interpretations of traditional Majorcan dishes such as coca, Flat-bread of roasted eggplants with romesco, patatas bravas and Creamy rice with prawns and saffron, while adding in new

culinary creations such as Beef sirloin with Majorcan tumbet cream filled potato or Grilled octopus with black eggplants purée, paprika and anis.

Broader Mediterranean influences come through in the flavour enhancing ingredients such as raisins, almonds, olives and lemon. Finish the meal with home-made desserts like Coconut pudding with rum raisins or Tiramisu with cocoa crumble.

An unforgettable experience to enjoy the authentic Majorca.
